Summary

Detail-oriented professional with diverse experience in educational, administrative, and technical roles. As a Teacher Assistant at Addis Ababa University, I supported faculty and students, fostering an engaging learning environment. In my role as a Typist at Lawyer Tesfaye Zewde, I demonstrated strong organizational skills and attention to detail by accurately transcribing legal documents and managing confidential information. Additionally, I provided personalized tutoring to students, enhancing their understanding of subject material and improving their academic performance.

I am proficient in UI/UX design, utilizing tools like Figma to create user-centered designs. I have a keen eye for detail and a passion for crafting visually appealing and intuitive interfaces. My technical abilities, including JavaScript, HTML, and CSS, enable me to translate design concepts into functional and responsive websites and applications.

Proven ability to communicate effectively and manage multiple tasks in fast-paced environments.
